Valerie J. Barone, City Manager

To whom it may concern:

It has been my pleasure to work with Platinum Pipeline Construction Company over the past several months. I had the opportunity to work with them on the Contra Costa Sanitary District Landscaping Reclaimed Water Project. The project consisted of trenching and placing PVC pipe...4", 6", 8", 10" & 12". On a number of Collector and Arterial streets during peak commute hours. Platinum took traffic control very serious and displayed courtesy and respect to the public in the utmost professional manner. I was very pleased with the day to day planning of construction, given the limited time lines of work allowed of 7:00 am. - 3:30 pm. Platinum made sure they were cleaned up and off the road by the 3:30 pm deadline.

As the Construction Inspection Supervisor for the City of Concord for the past 10 years. I would highly recommend Platinum Pipe Line Construction for any future jobs in Concord including the Greater Bay area.

If you have any questions regarding the performance or quality of Platinum's workmanship, please feel free to contact me at the listed numbers below.

Nicholas Kis

City of Concord Inspection Supervisor
